YACHT PROJECTS

_ABOUT US

YACHT PROJECTS offer comprehensive services for the international yachting fleet, combining professionalism with a personal approach.

We specialize in TPA (Temporary Customs Admission), trusted by many of the world's most prestigious vessels.

Close to the Marinas, in Palma, we support captains and crew to ensure a smooth and stress-free yard period. We also manage global parts sourcing and shipping through top international logistics providers.

_OUR CUSTOMER SPEAK ABOUT US

Our clients' experiences speak for themselves.
Here's what a few of them have to say about working with Yacht Projects:

"I have had the privilege of working with Yacht Projects, since they opened their doors, while running a number of boats. Cristina and her team have always given exceptional service, whether it be TPA, sourcing parts, or just local knowledge, they are always professional, reliable and extremely efficient. Thank you!"

Adam Bateman
SY Unfurled

"Yacht projects have been looking after Nariida whilst under TPA since 2009. Cristina & her team make the entire process extremely easy, there has always been very good communication with no unexpected issues. I highly recommend yacht projects to any vessel having to go under TPA."

EVERY STEP MATTERS — FOLLOW THE TPA PROCESS TO STAY COMPLIANT AND AVOID COSTLY MISTAKES

If your non-EU flagged vessel is planning a stay in Palma and you'd like to save the VAT on all repair and maintenance work, this is the opportunity you've been looking for.

At Yacht Projects, we specialise in managing TPA procedures from start to finish, ensuring a clear and seamless process for captains and yacht managers. With extensive experience working with a wide range of yachts, we understand how to make this complex system work in your favour.

While your TPA is active, our team takes care of all administrative and accounting responsibilities linked to your repair and maintenance operations. This allows you to focus on running your vessel, while we handle the paperwork behind the scenes.

Since the TPA process involves legal and customs-specific requirements, we strongly recommend scheduling a meeting with our TPA specialists to explore the full benefits for your yacht.
