

HUB FOR THE REGION

SIEGERLAND
FLUGHAFEN

CLEARED FOR TAKE-OFF

Since 1967, Siegerland Airport has operated in the tri-border region of North Rhine-Westphalia, Rhineland-Palatinate, and Hesse as a flexible, high-performance gateway to European destinations. Through forward-looking investments and continuous expansion, we are a strong and reliable partner for aviation and business customers in both passenger and cargo air transport.

With a runway length of approximately 1,620 meters and ILS and GPS approach procedures, even larger aircraft can take off and land safely under all visibility conditions.

As Germany's second-highest commercial airport, we offer clear operational advantages, including short ground distances, fast turnaround times, uncongested airspace, and excellent surface connectivity. Passenger-friendly services, high flexibility, free parking, and consistently short check-in times complete the experience.

We take pride in our role as a key element of the regional infrastructure, connecting the local economy to global markets and Europe's leading innovation hubs.

As a transportation hub, Siegerland Airport offers a wide range of services:

INDIVIDUAL POINT-TO-POINT CONNECTIONS

- + Passenger Air Transport
- + Air Ambulance Services
- + Flight School and Training
- + Business and Corporate Aviation
- + Aerial Sports
- + Other General Aviation

TOP-CLASS BUSINESS FLIGHTS

Major hubs like Frankfurt or Düsseldorf are often the first choice for business travel within Germany or across Europe. But direct flights tailored to your schedule not only save time and simplify your journey, they also provide exceptional comfort and eliminate time-consuming connections. Siegerland Airport redefines premium business aviation, delivering convenience, personalized service, and efficiency from start to finish.

From Siegerland to more than 1,000 Airports across Europe

Experienced aviation brokers and air charter operators ensure you reach your destination with tailor-made aviation solutions. Benefit from minimal check-in times, exceptional comfort, discretion, and efficiency – and enjoy private aviation at its finest.

COMFORTABLE AND ACCESSIBLE

Travelers at Siegerland Airport enjoy the highest level of comfort in every aspect. A total of 240 free parking spaces, including electric vehicle charging stations, are available on site. Car rentals and chauffeur services can be arranged in advance through various providers, with convenient delivery and pick-up options.

The VIP lounge offers an ideal environment for meetings or focused work and is equipped with complimentary Wi-Fi. For relaxation, the airport restaurant provides a welcoming atmosphere with direct views of the apron.

To support inclusive travel, Siegerland Airport provides extensive barrier-free facilities, including accessible parking, ground-floor access to all key areas, personal assistance with baggage handling and boarding, accessible restrooms, and mobility aids.

SAFETY TAKEN SERIOUSLY

At Siegerland Airport, our airport fire brigade ensures that flight operations remain safe at all times. Every measure is in place so that, in the event of an alert, any point on the runway can be reached and brought under control within just two minutes. In addition, our fire brigade provides building fire protection across the airport grounds, coordinating with local municipal fire departments as needed.

To maintain this high level of readiness, all firefighters undergo extensive training in aircraft fire safety and first aid. Regular continuing education, combined with specialized training, is standard and guarantees they are always fully prepared for any situation.

Aus dem Siegerland: deutschland- und europaweit.

Wir sind Ihr starker Partner für:

- > Wartung von Ambulanzjets mit weltweitem Einsatzgebiet
- > Wartung & Betreuung von Learjets für Flugzieldarstellung
- > Turboprop-Wartung für Fracht- und Personentransporte
- > Avionik-Modernisierung & Retrofit-Lösungen
- > Ausbildung von Fluggerätmechaniker:innen
- > Interior-Umbauten mit eigener Sattlerei – alles aus einer Hand
- > Authorized Service Facility für Cessna & Beechcraft Kolbenflugzeuge

TRAINING CENTER AIRPORT SIEGERLAND

Our practical aircraft firefighting courses and training programs enjoy an excellent reputation across Germany. They equip participants with the essential knowledge, hands-on skills, and operational confidence required to respond effectively in any emergency.

Designed to meet the needs of a wide range of participants, our programs include basic and recurrent aircraft firefighting courses, specialized crew training in cabin fire procedures, and introductory courses customized for municipal fire departments.

Our state-of-the-art fire simulation facility enables highly realistic, hands-on exercises. Participants can train on scenarios such as cockpit, cabin seating, lavatory, galley, engine, landing gear, and wing fires, among others, ensuring comprehensive preparation for real-world emergencies.

These courses are ideal for airport teams, airport fire brigades, volunteer fire departments, flight crews, and corporate fire safety personnel, delivering practical skills, confidence, and readiness when it matters most.

EXPERIENCE

THE WORLD OF AVIATION

You don't have to take to the skies to feel the thrill of aviation. On a guided airport tour, you'll go behind the scenes, gain exciting insights, and discover how an airport really works.

During a pre-booked tour, our staff will explain how each area functions, from aircraft handling and ground services to fire safety and emergency procedures. Along the way, you'll visit the apron, fuel station, and fire brigade—and you'll get the chance to watch takeoffs and landings up close, making the experience truly unforgettable.

A PRIME LOCATION FOR BUSINESS AND INNOVATION

Siegerland Airport impresses with its prime location: a flexible transportation hub at the heart of the tri-border region of North Rhine-Westphalia, Rhineland-Palatinate, and Hesse. It seamlessly connects private and corporate aviation, offering fast and convenient access to Europe's key metropolitan areas—efficient, dependable, and close to the center of economic activity.

The surrounding region offers excellent connectivity for aviation-related and other industries, supported by direct access to the A45 and B54 motorways and a well-developed infrastructure. Fully serviced commercial sites in the immediate vicinity create ideal conditions for new business settlements, sustainable growth, and collaboration.

More than just a transport hub, Siegerland Airport is a vibrant meeting point for industries, companies, and networks, it is a place where ideas come together, partnerships evolve, and innovation takes shape.

True to its spirit, the location gives innovation room to soar. Its open platform character encourages new concepts, pilot projects, and co-creation with partners from across Europe. Facilities are also available for temporary rental for meetings and conferences, adding a unique flair to every event. In essence: Siegerland Airport delivers smart solutions through fast connections.

ESCAPE TO NATURE EXPLORE THE REGION

Our forest-rich region is full of hidden treasures and unforgettable experiences. Highlights include the 156-km-long Rothaarsteig hiking trail, which winds directly past the airport, as well as the nearby Siegerland, Westerwald, and Lahn Valley—each offering countless opportunities for adventure and discovery.

Immerse yourself in breathtaking landscapes, wander through charming towns, and enjoy a diverse array of activities and attractions that make every visit unique. For more information and to plan your visit, explore:
