Blekinge Studentkår
Blekinge Student Union

BY STUDENTS FOR STUDENTS

BY STUDENTS FOR STUDENTS

Blekinge Student Union (BSK) exists for you who study at BTH—whether you are new, in the middle of your studies, or about to graduate. We are run entirely by students and are here to make your time studying safer, better, and more enjoyable. We support you when needed, create a sense of community, and stand up for your rights as a student.

WE STAND BEHIND YOU – EVERY DAY.

We work with what truly matters:

- **Quality of education** – Our primary mission is to ensure that your education is of the highest possible quality and that your rights are taken seriously.
- **Student life** – We organize a variety of events and activities to make sure you have a fun and enjoyable time during your studies here at BTH, with a strong sense of community.
- **Security and support** – We are here for you if something doesn't feel right, whether it concerns course plans, examinations, or discrimination.

With us, you can always get help – whether you want to make your voice heard or simply find the right contact.

COMMUNITY, ENGAGEMENT, AND EXPERIENCES

The student union is also a place for you who want to experience more than just lectures and exams. We organize pub nights (so-called union nights), sports activities, themed dinners, and much more.

WE MAKE A DIFFERENCE – TOGETHER.

It should be both fun and safe to study at BTH, and the student union is always working in the background to make sure that is the case. We also ensure that you receive the quality education you deserve through our academic representation and advocacy. It is important to remember that we do this together—our student union is a collaborative effort where all sections, associations, and members contribute to creating the best possible study experience for you.

Sometimes student life can also be challenging. Our message to you is that we are always here if you need support. Whether you need to get in touch with a safety host at one of our events, are struggling to find housing, or need support regarding a course, we are here and ready to help. Blekinge Studentkår exists for its members!

NEW STUDENT? LET'S GET STARTED!

Starting your studies is a big step. A new city, new people, new routines. That's why we make the start a little easier – and a lot more fun. Every semester we welcome new students with Inseglet, our introduction week filled with joy, craziness, and community.

Inseglet isn't just about getting to know the campus – it's your chance to find friends for life.

ONE PROGRAM, COUNTLESS MEMORIES

During Inseglet, you'll take part in games, competitions, themed dinners, treasure hunts, pub crawls, and much more. It might get wet, it might get loud – but above all, it will be fun.
Our section Sexistenz is responsible for the planning, and together with the rest of the student union they make sure everything is inclusive, welcoming, and safe.
Do you want to join everything? Great! Prefer to take it easy? That's perfectly fine too. You always decide how much you want to participate, and we promise that no one will be left out.

WHAT IS A "PHADDER"? WHAT IS A "NOLLA"?

During the week, you'll be placed in a phadder group with older students who guide and support you throughout Inseglet – helping with activities, creating community, and making sure everyone feels safe. You'll also meet other new students who, just like you, are called nollor. Being a nolla simply means that you haven't yet earned any university credits – it has no other meaning. And yes, we have unusual spellings, songs, and symbols – but it's all part of traditional student culture.

A SAFE AND INCLUSIVE START

Inseglet is alcohol-free at its core, and all activities are designed with safety in mind. The focus is on community and making sure everyone feels included. For example, we strongly oppose any pressure to drink alcohol, and there are safety hosts and clear guidelines for how we treat each other. No one should ever feel pressured or excluded.
We know that the start of your studies sets the tone for the rest of your education. That's why we do everything we can to make sure you feel welcome from day one.

KUSTBEVAKNINGEN
SWEDISH COAST GUARD

VI SÖKER DIG SOM VILL GÖRA SKILLNAD

Inom Kustbevakningen utbildas och arbetar kustbevakare på våra kuststationer längs Sveriges kust. På våra kontor runt om i landet arbetar ingenjörer, systemutvecklare, analytiker, ekonomer, kommunikatörer och en rad andra yrkeskategorier. Gemensamt är att vi alla delar ett stort miljö-och samhällsengagemang.

Materiel- och lokalförsörjningsavdelningen

Ansvarar för att myndigheten har rätt materiel och infrastruktur för att lösa det breda uppdraget och att materielen och infrastrukturen underhålls och vidmakthålls. För att göra detta krävs en mängd kompetenser inom exempelvis skeppsbyggnad, elektronik, fastighetsteknik, underhållsteknik och miljöteknik. På avdelningen arbetar exempelvis fartygsinspektörer, systemledare, projektledare, fastighetsingenjörer, räddningsingenjörer och servicetekniker, men även personal som hanterar elsäkerhetsfrågor, rederifrågor och teknisk anläggningsinformation.

IT-avdelningen

IT-avdelningens viktigaste uppgift är att fungera som ett stöd för övrig verksamhet genom att leverera de IT-funktioner som verksamheten behöver och möta de krav på tillgänglighet som finns för dessa funktioner. En viktig uppgift är även att implementera och efterleva de säkerhetskrav som finns samt utveckla Kustbevakningens verksamhetssystem. På avdelningen finns roller med ansvar inom IT-infrastruktur, IT-säkerhet, Klient- och supportplattformar samt applikationsutveckling-och IT-stöd.

EVERY WEEK SOMETHING HAPPENS

The student union's calendar is filled with exciting and fun events. From the first day to the last exam, we make sure there's always something to look forward to. Big parties, small activities, sports, game nights, formal dinners – the variety is huge.

THIS IS WHAT YOU CAN EXPECT

- Pub nights at Villan
- Themed parties (Halloween, Christmas, Oktober-fest, etc.)
- LAN events and e-sports tournaments
- Formal dinners, casual sittings, and balls
- Barbecue evenings
- Company days
- Game nights and quizzes
- Sports tournaments

SEXISTENZ, KIDS, SIT & MORE – WE COLLABORATE

Behind the events are our sections and educational associations. Sexistenz organizes Inseglet and other study-social events, KIDS is responsible for sports and physical activities, SiT keeps the traditions alive, .smoersex organizes trips to other student cities and also plans the campus festival, and KPS runs the student pub.

It's students who plan, organize, and participate – which also means you can contribute, if you want to.

YOUR IDEA COULD BE THE NEXT BIG SUCCESS

Do you have an idea for an event, a leisure activity, or a tournament? Come to us – we'll help you make it happen. Here you'll find both the support and the tools.

You can take part as a participant. You can take part as an organizer.

Or why not both?

MEET SOME OF OUR MEMBERS!

EIDAM

Why are you a member of the student union?
– I'm a member of the student union for the sense of community and to experience student life to the fullest.

What benefits do you see from your membership?
– The benefits I get through my membership range from free entry to the student pub to discounted prices at various events such as formal dinners or other fun activities.

What attracted you to the student union?
– What attracted me to the student union was the strong sense of community among students and the student life at BTH. I enjoy it a lot and would really like to get more involved and participate more in that part of student life.

Would you recommend others to become members of the student union?
– Absolutely. Being a member of the student union makes you more active in student life, which transforms it from just studying into studying while meeting new people, building a stronger connection to the student community, and of course having fun.

NORA

Why are you a member of the student union?
– For me, it's important to be involved in student life and to have the opportunity to influence my time as a student, which is something the student union gives me. It also feels very reassuring to know that, as a member, I can always turn to the student union for anything—whether it's to take a coffee break or to raise more serious issues.

What is the most fun event you have attended?
– The most fun event I've attended was Inseglet – BSK's introduction week. It's organized by students for new students, and it was truly an amazing introduction that showed the great sense of community at the university. Several action-packed, sunny days where everyone was there to have fun together—what could be better?

Would you recommend others to become members of the student union?
– YES! It's incredibly worthwhile to become a member. It opens the door to many new experiences and new friends, while also offering a safe environment to explore student life. I can't recommend it enough.

DISA

Why are you a member of the student union?

– I'm a member of the student union for the sense of community and all the benefits that come with it. I strive to be an active student and think that a membership is a great place to start.

What benefits do you see from your membership?

– I see many practical benefits in being a member of the union. For example, you get discounts at the student café and at various events, as well as free entry to the student pub Villan, which I highly recommend.

What is the most fun event you have attended?

– Definitely Inseglet, which is the student union's introduction week. Inseglet lasted for two weeks with lots of fun activities and two formal dinners. During those weeks you got to know many great people from different study programs, and I'm still in contact with many of them today thanks to that experience.

Would you recommend others to become members of the student union?

– Yes, absolutely. Partly for the sense of community and all the fun events, but above all for the sense of security it provides. If you were to end up in a conflict or another difficult situation with, for example, a teacher, the student union is there to support you and make sure your education maintains a high standard. It also gives you the opportunity to get involved in sections and associations.

DRESS LIKE A STUDENT!

Student life at BTH is not just about lectures and exams – it's also about having fun and feeling a sense of belonging and community. One way to express that is through the student overalls and the technologist cap.

OVVAR – THE OVERALLS THAT SHOW WHO YOU ARE

The ovve is a common garment at Swedish universities and colleges. At BTH it is worn "nercabbad," meaning it hangs around the hips, and the color shows which educational association you belong to:

- Purple: EKEN
- Navy blue: BITS
- Military green: #ROOT
- Dark green: Mårfin(t)
- Orange: BOSS
- Red: ROST
- Burgundy: PlanKan (program association separate from BSK)
- White: Technical Foundation Year

The ovve is worn at events and parties. It quickly becomes a personal work of art – filled with colorful patches from different events, your name, other people's signatures, and all sorts of things you've collected over the years.

TECHNOLOGIST CAP – TRADITION WITH PERSONALITY

The technologist cap is a long-standing tradition at Swedish technical universities and colleges. The cap is worn on formal occasions such as sittings, balls, inaugurations, and graduation celebrations. Despite the name, all students at BTH can buy the cap, even if you are not studying a technical program. The caps have different colors at different universities, and at BTH the cap is a beautiful burgundy.

The cap has a tassel, which can be decorated with spegatter. A spegatt is a small thread ball in different colors. Each spegatt symbolizes a year in a study program or a year serving on a student union board. In this way, the technologist cap also becomes a personal garment—but for more formal occasions.

DO YOU WANT YOUR OWN OVVE OR TECHNOLOGIST CAP?

You order it through the student union section Studentkultur i Tiden – keep an eye out during Inseglet and in the union's channels. There is usually a joint ordering opportunity at the start of each autumn semester.

THE SECTIONS – THIS IS WHERE THE FUN HAPPENS

Sexistenz

Plans Inseglet and parties throughout the year. Full focus on atmosphere, community, and fun activities.

KPS – Karlskronas Pubsektion

Runs the student pub Villan. This is where we meet over a drink and a game of billiards – always at student-friendly prices.

SIT – Studentikosa i Tiden

Preserves our traditions. Caps, overalls, union ribbons, songbooks – SIT keeps track of everything that is part of classic student life.

KIDS – Karlskrona Students' Sports Association

Organizes sports activities for everyone – regardless of skill level. Football, floorball, basketball, volleyball, and more.

.smoersex

A phestmästeri that organizes trips to other student cities, known as "utlandsphester." .smoersex is also responsible for planning the Campus Festival.

EDUCATIONAL ASSOCIATIONS – FOR QUALITY IN EDUCATION

The educational associations work with an incredibly important issue – education monitoring. There are eight educational associations, and they work to ensure that your education is as good as possible.

You turn to your educational association if something is not working in your program – they help you take the issue further. They also often organize events, lectures, and activities aimed specifically at your field of study.

THE ASSOCIATIONS ARE:

BOSS, EKEN, Mårfint(t), #ROOT, BITS, ROST, Doktorandkommittén och Trampolinen.

Which educational association represents you depends on your study program – the full list can be found at bthstudent.se.

MEET SOME OF OUR ELECTED REPRESENTATIVES!

DOUGLAS

Why did you choose to get involved in the student union?

– I applied because I wanted to give back to student life after enjoying it so much myself. That is still the goal.

What do you think is the most fun part of being an elected representative?

– Working together with my amazing friends on the board I serve on, and organizing events.

What can you help influence?

– Being able to contribute by doing my very best in the work we do.

Why is it important for students to get involved in their student union?

– Without engagement from students, the student union would fall short. It is by students, for students.

Would you recommend others to get involved in the student union?

– Absolutely. It's an experience that can't really be compared to anything else. Being able to contribute to something so great gives you a very unique feeling.

CINDY

Why did you choose to get involved in the student union?

– At first I chose it because I enjoy being involved and helping out, and now that I'm part of an educational association, the board is a very fun group of people to be around.

What can you help influence?

– As an elected representative, I have the opportunity to influence most things that happen within the educational association, but it should always be for the benefit of the students. Being an elected representative is just one way to get involved, and for me it has felt very rewarding. We exist for the students, so the more they want to participate in things like our meetings, the more we can help.

Why is it important for students to get involved in their student union?

– The student union is the primary tool for influencing education and the study environment in a structured and organized way. Through course feedback and course evaluations, we can identify concrete areas for improvement. Even when a course works well, it's important to understand why. Beyond the academic side, the union is also a great place to build networks and find friends for life.

MIMMI

Why did you choose to get involved in the student union?

– I chose to get involved in the student union because I'm passionate about student social life. My involvement has given me the opportunity to meet people from different programs and build friendships for life. There is always something happening within the union, and for me it's important to be able to give back to the students and contribute to a strong and inclusive community.

What do you think is the most fun part of being an elected representative?

– What I enjoy the most is the feeling of being able to make an impact. Working together with different people, planning events, creating meeting places for students, and of course enjoying some good meeting snacks makes the engagement both rewarding and fun.

Would you recommend others to get involved in the student union?

– YES! It's a lot of fun, and it's nice to have a break from studying sometimes. It's also great experience for future working life, and you learn an incredible amount of new things.

IT'S ABOUT STUDENT POLITICS: WE WANT STUDENTS TO HAVE IT BETTER!

Blekinge Student Union works every day to improve your time as a student. We help influence decisions that affect your education, your safety, and your rights. Important, right?
The student union's key mission is to raise your voice. We do this in several different forums, both locally, nationally, and internationally.

WHAT IS THE UNION BOARD?

The Union Board is responsible for ensuring that the union's operations function and develop. The board consists of:

- Chair and Vice Chair
- Board members responsible for areas such as education, student social affairs, and finance

The board coordinates everything from political work to day-to-day activities on campus. As a member, you can run for a position and help make a real impact.

WHAT IS THE GENERAL ASSEMBLY?

The General Assembly is the student union's highest decision-making body. This is where major decisions are made about operations, priorities, and the budget, and where matters concerning the Blekinge Student Union are discussed—from how the organization should be structured to which issues we should focus on.

As a member, you can vote in the General Assembly elections, submit motions, and run as a candidate yourself. Here, you have the opportunity to help shape the entire direction of the student union.

LOCALLY:

WE MONITOR THE QUALITY OF EDUCATION AT BTH

Each semester, we meet with BTH's leadership, program coordinators, and decision-makers. We review course syllabi, follow up on course evaluations, and stand up for your rights as a student.

Are you having problems with a course? Do you feel unfairly treated? Not sure who to contact? Then we are here to help you move forward.

NATIONALLY:

TOGETHER WITH STUDENTS ACROSS SWEDEN

We are members of the Swedish National Union of Students (SFS), which among other things produces the Housing Report. Together, we work on important issues with the Swedish Parliament, CSN, and government agencies that affect more than just one student union. These include, among other things:

- Increased student financial aid
- More and more affordable student housing
- Better support for mental health
- Stronger student influence within higher education
- The number of teacher-led hours

Through this work, we ensure that national decisions also benefit you as a student.

INTERNATIONALLY:

STUDENT VOICES WITHOUT BORDERS

BTH is part of the newly established alliance BAUHAUS4EU, where 10 universities from 9 different countries are represented. The alliance has existed since 2025, and here we work together, among other things, to create joint courses between different universities so that students can study at different locations.

Klimatsmart – En cirkulär ekonomi

Med en cirkulär ekonomi behöver ekonomisk tillväxt inte ske på bekostnad av jordens resurser. I en cirkulär ekonomi blir ett gammalt golv till råvara i ett nytt. Material cirkulerar i ett kretslopp där ingenting slängs eller förbränns.
Den cirkulära ekonomin står i fokus för allt vi gör på Tarkett och är avgörande för att vi ska kunna minska vår klimatpåverkan, bromsa den globala uppvärmningen och spara på jordens resurser.

Våra etiska riktlinjer

Vi har skapat etiska riktlinjer, som är minimikrav på hur vi anställda ska bete oss i förhållande till varandra, våra kunder, leverantörer och vilka gränser som inte får överträdas. De etiska riktlinjerna täcker ett brett spektrum av affärsprinciper och praxis. De kan inte förutse alla situationer som kan uppstå, men drar upp grundläggande principer till vägledning för våra medarbetare. Det är värdefullt att tydliggöra vilka förväntningar företaget har på oss anställda i etiska frågor. Detta för att skapa en gemensam värdegrund.
