OUR EXPERTISE TAILORED TO YOUR NEEDS

COMPANY

We have extensive expertise in all aspects of batteries: for almost 45 years, **CWM**TEC technologie GmbH has been a leading name in the development and manufacture of equipment for battery production. Whether it's the finishing of OEM batteries and lead-acid batteries or inspection and testing systems for lithium batteries: in every area, we offer innovative solutions that combine the highest quality with user-optimised operation.

WELL-POSITIONED FOR NEW CHALLENGES

OUTLOOK

Over our company's history spanning almost 45 years, we have continuously expanded our portfolio. This has enabled us to consistently respond to new requirements with innovative solutions. We remain committed to this strategy: our latest addition is the eLab building, which enables us to address the challenges in the field of lithium batteries.

EXPERTISE NOW ALSO IN LITHIUM

This means that **CWM**TEC technologie GmbH is now also your expert partner when it comes to the production of lithium batteries. With our many years of experience, we have the ideal foundation to offer you innovative and tailor-made solutions in this field too. You will also benefit from our expertise in test equipment.

If you are looking for a professional solution for your lithium production, please do not hesitate to contact us. We are here to help.

POINT BY POINT
CONVINCING ADVANTAGES

USPs

PREMIUM QUALITY

With us, you can count on 'Made in Germany' quality, as our machines are developed and manufactured in Germany. This means you can rely on the finest workmanship, durability and precision. We deliver our machines worldwide and consistently meet our agreed delivery dates.

MODULAR USE

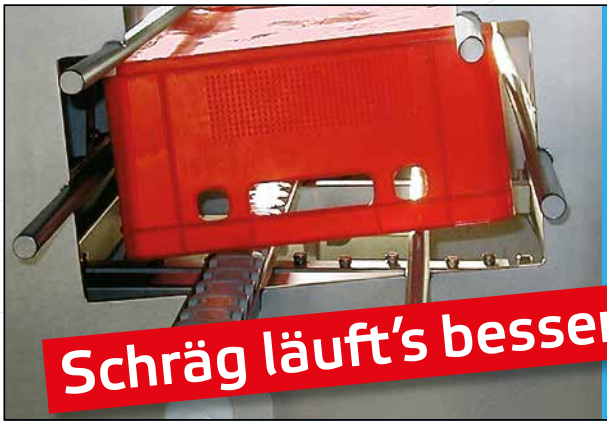

Whether used as a stand-alone unit or integrated into your production line: the modular architecture of our Premium Line ensures complete flexibility in operation. This allows you to respond to new production requirements at any time and ensures you are ideally positioned for the future. With integrated data acquisition, you also benefit from optimum transparency throughout the processing, quality control and traceability.

LONG-STANDING EXPERIENCE

CWMTEC technologie GmbH can now look back on more than 45 years of experience. We have always closely followed the latest developments in mechanical engineering and integrated them into our own production. As a result, we remain at the cutting edge of technology to this day and utilise upcoming innovations to deliver optimal solutions.

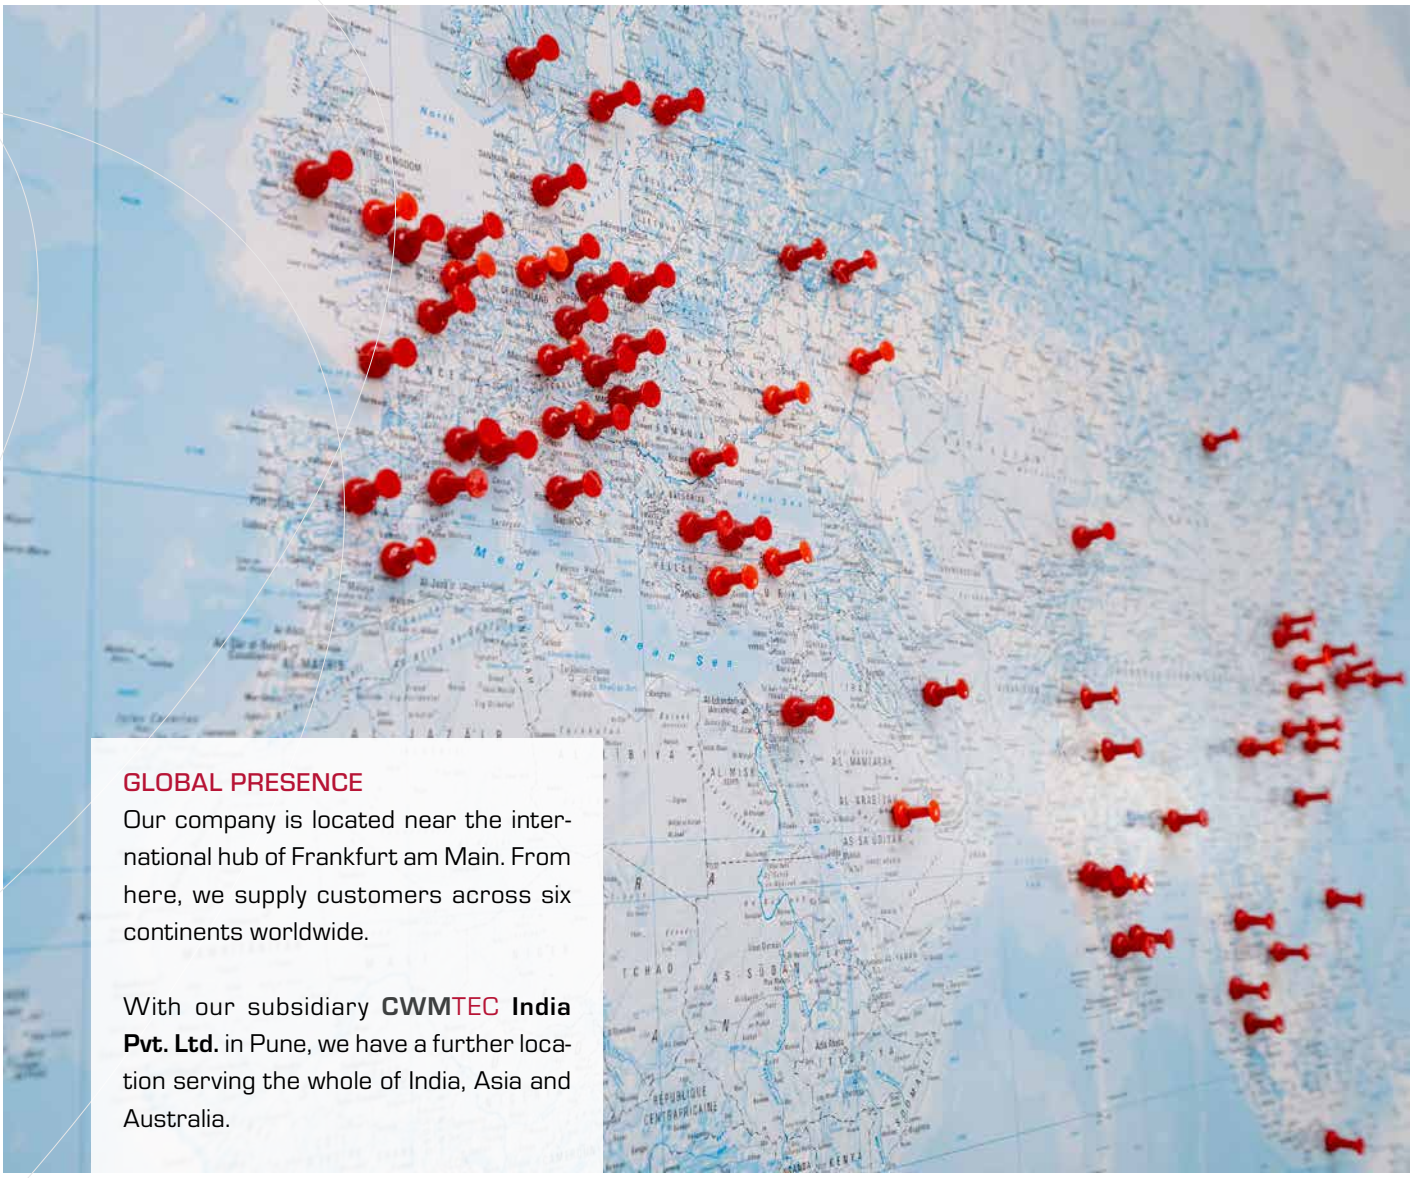

KITZINGER

Qualität zeigt sich im Detail

Leicht angeschrägt durchlaufen die Kisten den Waschtunnel. Das Wasser kann besser ablaufen, es bleibt dort, wo es hingehört: in der Maschine. Sie sparen Wasser, Trockenzeit und Energie.

MORALI
Handling technology

EFFIZIENTE VAKUUM-TECHNOLOGIE

AUS DEM SCHWARZWALD

Wir, die Morali Produktionstechnik GmbH, sind ein familiengeführtes Unternehmen und haben uns auf den Bereich Handhabungstechnik spezialisiert. Wir stellen Handlingkomponenten für die Robotik her, vor allem Vakuumsauger und Greifsysteme. Seit 22 Jahren unterstützen wir unsere Kunden mit unserem professionellen Know-How in diesem Bereich.

Als einer der weltweit größten Hersteller verfügen wir über ein außerordentlich vielseitiges Standardprogramm an Vakuumsaugern und Endeffektoren. Wir besitzen große Erfahrung in der Automatisierungstechnik, sind international aktiv und haben uns auf die Herstellung von hochwertigen Vakuumsaugern spezialisiert.

ALWAYS EXACTLY THE RIGHT SOLUTION FOR YOU

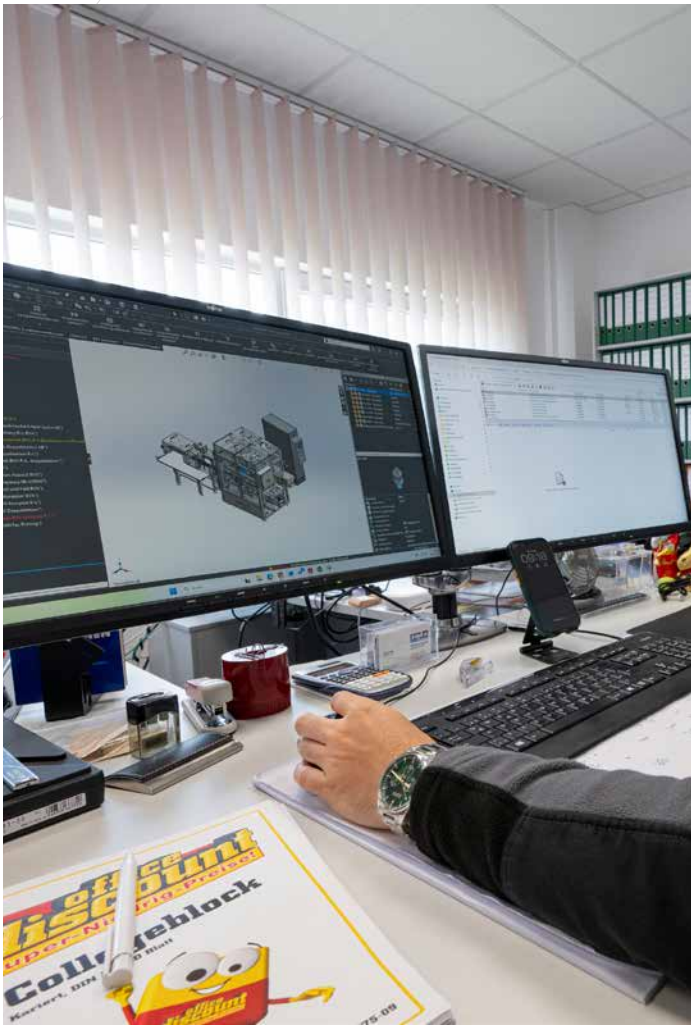

COMPANY

What can we do for you? This question is always our starting point, and it is far more than just a cliché: your requirements and wishes form the basis of our work. That is why we do not provide you with off-the-shelf solutions, but instead tailor our machines specifically to your production processes. Thanks to customised configuration and our modular design, we can also fulfil your special requests.

WE SEE OURSELVES AS A MANUFACTURER THAT CREATES A UNIQUE SOLUTION FOR EVERY NEED: FROM CONFIGURATION TO FINAL IMPLEMENTATION, WE DEVELOP SOLUTIONS THAT FIT TO YOUR PROCESS. PLEASE FEEL FREE TO GET IN TOUCH.
